Persons Who Think Arizona Sufferer Is Related to Them Call on Mayor. The receipt of a letter in this city from Dr. R. W. Gibbs, physician at the county hospital in Phenix, A. T. stating that a man named Patrick Roche, who said that his former home was in Scranton, was lying at the institution dying of consumption, has

created considerable interest. Yesterday a gentleman named Roche called at the mayor's office to make inmiries concerning the poor Arizona infortunate. He stated that a brother of his went west some sixteen years ago and had not been heard of since, and he feared the dying stranger might be him. The gentleman was given ingation that would enable him to determine whether or not the man is his relative.

Mrs. Ann Rosch, a widow residing at 614 Swetland street, also called at the mayor's office for information, sas thinking that perhaps the man was her son who left home some three years ago, and has not been heard of since. In response to her wishes a message was sent to Dr. Gibbs at Phenixville. who telegraphed back a description of the sick man, giving his age as about 37, height 6 feet, weight 180 pounds, gray brown syss and overlapping sysbrows. Mrs. Rosen failed to identify im as her son from this description, he age being too great by ten years. Still there remained an uncertainty, and for the purpose of making sure, the mayor instructed that a letter be sent to Dr. Gibbs asking for further particulars concerning the stranger. The letter was forwarded yesterday.
